Abstract

I am going to write a bunch of raytracers. Deal with it.

A Motivation and Introduction

I like raytracing and want to better myself at python and processing.

B Background/Literature Review

Raytracing is all background [?]

C Problem

Students don't like writing raytracers. They scerred

D Method

I'm going to write raytracers

E Conclusion

I hope this will make raytracers less scary for students. Deal with it.
